Eastside Medical Urgent Care Occupational Health

Eastside Medical Urgent Care is a well established medical facility that includes treatment of occupational injuries, pre-employment services, drug/alcohol screens, and more.

Our 7 day a week availability, and hours of operation are both convenient for the employee and the employer as well.

We have digital x-ray onsite and a licensed technologist on staff during all open hours.

At Eastside Medical Urgent Care we are also experienced in the treatment of lacerations, sprains, fractures, burns, and many other injuries that may be work related.

We have established relationships with local practitioners such as orthopedists, chiropractors, and physical therapists, to return your employee back to work as soon as possible.

Our providers understand the need to get employees back to work safely, within a minimal treatment/recovery period.

OPEN 7 Days a Week, 365 Days a Year

Eastside Medical Urgent Care Occupational Health Services include:

- Physicals; Pre-Employment, DOT, OSHA, Executive
- Drug and alcohol screening
- Immunizations, PPD plant and read
- Worker's Compensation case management

- Convenient "One Stop Shop" for your needs.

For pricing, additional information or to make contractual arrangements for your business, please call (585) 388-5280
Ask for Occupational Health

An important service offered by **EMUC** is we are open for patient care on weekends, holidays, and after the usual and customary medical office hours. A significant advantage in coming to urgent care is we have the capability to take X-rays on site and if needed we provide a CD copy of the X-rays that can be given to a primary care doctor or specialist which saves time, money, and lessens radiation exposure.

We have over 8 years experience in urgent care services and hire only the best providers to care for our patients.

Our staff members are friendly, empathetic, and helpful. All of our patients are important to us and we are here to make your visit as pleasant as possible.
